## Self-Edit and Revision of Thesis Statement and Conclusion

Review the original assignment; It asks you to write a persuasive essay about what, in your opinion, are the TWO greatest challenges that the immigrant faces.

Do these tasks prior to the peer edit workshop:

Highlight or underline your thesis statement:

- Are there two claims about what you believe are the greatest challenges?
- Are the claims clear?
- Do you need to clarify them?
- Is either claim a specific textual example? If yes, how could you broaden the claim so that you can use the textual example later?

Re-read your conclusion:

- Does it match the thesis?
- Is it related to the greatest challenges of the immigrant character? If not, do you need to change, modify it or extend it?
- Does it connect to the title and theme of your essay?
- How is it different from the title and theme of your essay?
- Should you change, modify or extend it?

Over the weekend, make changes to your essay based on your self-evaluation.
